- Data Structures And Algorithms

PROJECTS

MEDICINE REMINDER APP

JAVA | FIREBASE - MARCH 2023

- Developed an innovative app to help users manage medication schedules with personalized reminders and notifications.
- Designed a user-friendly interface with customizable features to simplify health management.
- Contributed by creating the **Doctor Prescription Module** using **Firestore** and **Java**, enabling users to securely store and access prescriptions, enhancing the app's functionality and reliability.

PERSONAL PORTFOLIO

HTML | CSS | JAVASCRIPT - JULY 2024

- Developed a dynamic and responsive portfolio website using HTML, CSS, and JavaScript to highlight my skills and projects effectively.
- Designed a clean and intuitive UI/UX prototype in Figma to showcase my design expertise and professional background, ensuring a visually appealing and user-friendly experience.

EXPERIENCE

KAIRAA TECH SERVE | FULL STACK WEB DEVELOPER INTERN

Sep 2024 | Gowrivakkam, Tamil Nadu

- Completed my internship at Kairaa Tech Serve Pvt Ltd, where I contributed to their eCommerce shopping website project.
- During this time, I gained hands-on experience in web development, assisting in various tasks and improving my skills in building user-friendly and functional eCommerce platforms.

ACHIEVEMENTS

- Achieved 95% in Computer Science in 12th standard, demonstrating a strong foundation and passion for technology.
